Art Unit: 1615

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 22 and 44 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The claims are rejected for the reasons set forth in Paper No. 4, mailed June 18, 2002.

While applicants' remarks state that claims 22 and 44 have been amended. The claims do not appear to be amended. There is no claim 22 in the amendment submitted December 16, 2002. Claim 44 appears the same as in the previous amendment.

Claims 21, 23-43, 45 and 46 are allowed.

Claims 1-20 have been canceled.

Claims 22 and 44 are rejected.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
